

Hollander's Nature Glass Collection

Our EXCLUSIVE New Brand For Door And Window Applications!

Introducing Hollander's Nature Glass Collection, with five new styles of pattern glass that have lots of new things to offer:

- Great low prices; all patterns are 4mm in thickness
- 5 new patterns to choose from; 4 styles are available **tempered**, and 4 are available non-tempered to give you the flexibility to create matching sidelights and other accent pieces (see below and the reverse for details and specifications)
- Most tempered glasses are available in the following 4 standard door sizes:

A: 22"x64"

B: 20"x64"

C: 22"x48"

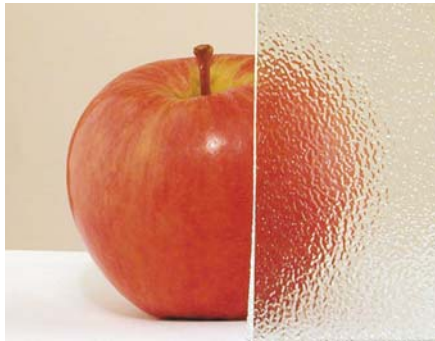

D: 22"x36"

Below are the 5 photos of the patterns that we now carry (for sheet specifications, see the reverse):

The Nature Collection Is Ideal For Door And Window Applications

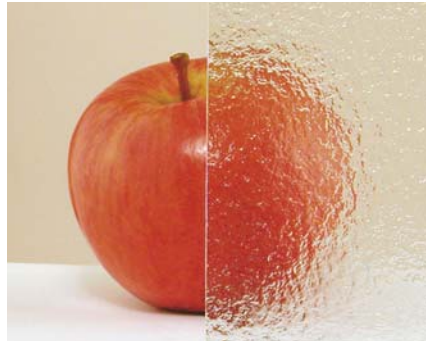

Hollander spoke to a focus group of door manufacturers to identify what was important to our customers for glass in door and window applications. **We found that 2 issues were most important - lower price points and tempered glass in standard sizes.**

Out of a wide variety of samples, these are the five styles that our focus group wanted. We've just received our first trial order container load - quantities are limited, and are available on a first come first served basis. This will go fast because it is ideal for door and window applications, so **order now!**

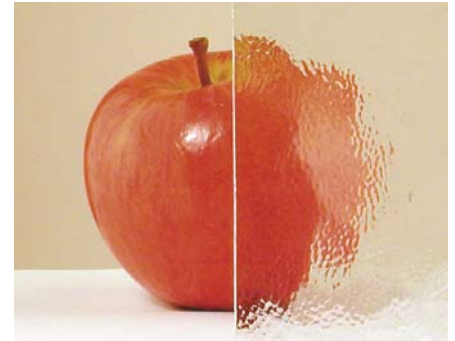

Crystal (6410)
