

NEW IN FUSING

New From Spectrum - System 96® 100SF Workshop Packs While Supplies Last

(Arriving Mid April)

SPC BP6X12-100SF

For the first time, Spectrum is now offering a special Workshop Pack while supplies last. It is a 30 piece pack of 6" x 12" cuts of the ever popular and must have 100SF clear fusible glass. And it is priced to move.

NEW IN STAINED GLASS

HGC Variety Glass Pack

GL HGC PACK

We have designed a new pack to offer you more variety and value.

The HGC Variety Glass Pack is a hand selected mixture which may include glass from Kokomo, Wissmach, Spectrum, as well as pattern glass and glue chip. The packs feature approx. 105 pcs per pack, with each piece being 10" x 10" to 12" x 12" squares - perfect for your store displays.

Note: These packs are made available from time to time. Please ask customer service about availability
