NEW BOOKS from WARDELL

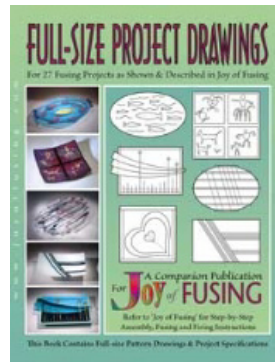

Joy of Fusing Fusing Basics, Molds & More C-BK 985612

by Carole and Randy Wardell

Joy of Fusing provides every fundamental technique that beginning fusers need while experienced hot-glass artists will discover a few new tricks along the way. This well written and lavishly illustrated instruction book shows readers everything they

need to know to be successful fusing artists. 27 projects are illustrated with how-to colour photographs and easy to follow instructions that include all necessary firing schedules. 27 projects, 96 pages, all in colour with 350 colour photographs.

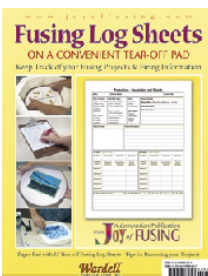

Full-Size Project Drawings (For 27 Fusing Projects as Shown & Described in Joy of Fusing)

C-BK 985834

by Carole and Randy Wardell

The full-size drawings will enable crafters to recreate the fusing projects in Joy of Fusing exactly as they appear. The book contains 32 full-size line drawings in total - 20 of these are printed on

oversized fold-out sections (17" x 22" - 43 x 59 cm). Each project drawing has a list of specifications, the firing schedule, the forming mold used and colour suggestions. 16 pages with 4 fold-out sheets, 35 colour & 55 black and white photos.

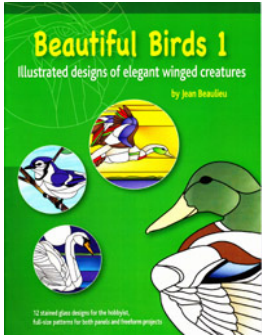

Fusing Log Sheets

C-BK 985827

by Carole and Randy Wardell

25 pre-printed sheets on a convenient tear-off pad. "Those who cannot remember the past are condemned to repeat it." Truer words have never been spoken, particularly as it applies to glass fusing. This is where record keeping plays an important role. These Fusing Log Sheets come in a familiar 'writing pad' style with convenient tear off pages. Each log page is pre-printed (in 2 colours).
