

Coloured Cathedral and Sahara Patterned Glass No Longer Available

The manufacturer of the coloured cathedrals (CA) and Sahara (C80) will **no longer** be making these lines on a regular basis. The tables below indicate availability and non-availability of these products.

Some colours may be available from time to time which we may be able to get for you on special order purchases. What this means is that we can find out the manufacturer's production schedule if you have a requirement of 20 factory sheets (1/2 case) or more and include an order for you when we next purchase from that manufacturer.

Please Note That The Lines Of Cathedral And Sahara Are Only Available As Outlined In The 2 Tables Below.

4mm Cathedral (65" x 85")					3mm Sahara (65" X 41 1/2") -except Clear 4mm (65" x 85")
